Dear François Vautour,

Festive greetings from the Bishop's House in Lilongwe, Malawi!

I acknowledge receipt of your letters and pictures. By the look of it on one of the pictures, you look like a young man in great shape. I do hope that one day you will have a CD narrating what transformed your life. It would be a nice way of witnessing to the healing power of the Lord. It would have a great impact among the celebrities and high class people you are interacting with on a regular basis. Your testimony could be instrumental in bringing back to the Lord many of these people. Everything happens in our life for a purpose.

If ever you come to Malawi, I will ask you to give a witness to the Charismatic group we have in the Diocese. I have not yet written to the priest who prayed over you but I will do so when I have more time. When I go to my sister, Colombe, I will make it a point to visit the Parish Priest of Minto

Thanking the Lord with you for the wonderful healing that took place in your life, I beg to remain

Yours sincerely,

+ Remi Ste-Marie
Bishop of Lilongwe
